**Supporting Evidence:** Mr. Ceja provided a random urinalysis specimen on January 5, 2017, which tested presumptive positive for amphetamines. The sample was confirmed positive for amphetamines through laboratory analysis on January 9, 2017.

- 2      **Standard Condition # 3:** The defendant shall answer truthfully all inquiries by the probation officer and follow the instructions of the probation officer.

**Supporting Evidence:** Mr. Ceja met with this officer and indicated he started the intensive outpatient program (IOP) on January 3, 2017. He said he missed his group session on January 4, 2017, but would meet with his counselor on January 5, 2017, and ask to be referred for inpatient treatment. This officer learned from the substance abuse counselor on January 5, 2017, the defendant had not yet attended any IOP session.
